

One of a Kind Web Guide is a Real Time Saver

Delivers Useful Lifestyle Info in Two Clicks

SAN FRANCISCO, May 1, 2021 --- Habitudes LLC has launched [HabiLinks.com](https://www.habilinks.com), a human-edited guide to lifestyle information on the web. Whether looking for help with wedding plans, applying for Social Security or a myriad of lifestyle tasks in between, HabiLinks delivers useful information in about two clicks. Links are curated for content quality, not paid.

HabiLinks saves time by eliminating the ads and questionable links that come with traditional web searches. For example, a recent search for "credit card comparisons" returned 516 million results. The first page contained 14 links. Almost a third were ads. Others led to pages that were outdated, not user friendly or didn't meet other HabiLinks criteria. All resources contained disclaimers saying they don't include all card companies, may be compensated by sponsors or give advertisers favorable page placement. In the end, only two qualified for HabiLinks.

HabiLinks are curated, monitored and updated regularly. Qualifying HabiLinks must be informative, relevant and family friendly. Information must be easily accessible with few distractions like annoying audio, pop-up ads or videos. Content must be well written by a trusted source.

Topics covered by HabiLinks range from the mundane to the unexpected. "We cover everyday tasks like *How to do Laundry*, but you'll also find things like *Rules for Games*. That could come in handy if you're invited to a charades party and haven't played since 2003," says founder, Jackie Pettus.

HabiLinks is also home to the [HabiTalk Blog](#) hosted by Pettus. The blog keeps subscribers up to date on the latest lifestyle links and tips.

HabiLinks are organized in eighteen lifestyle categories

Automotive	Family Living	Leisure & Recreation
Careers	Financial Matters	News
Clothing Care & Laundry	Food & Beverages	Pets
Computers & Technology	Health & Fitness	Senior Living & Elder Care
Education	Home & Garden	Shopping Tools
Emergency Preparedness	Home Office & Productivity	Social Life & Society
